Sun Shadow Study
235 Main Street West
Hamilton, Ontario

December 2017

March 21st 10am

March 21st 12pm

March 21st 2pm

March 21st 4pm

In the spring the proposed development causes relatively minimal impact on the surrounding properties. The adjacent building to the west will be partially shaded at 10am and the building diagonally across Main Street will be shaded at 4pm.

Sun Shadow Study - March 21st

June 21st 10am

June 21st 12pm

June 21st 2pm

June 21st 4pm

In the summer the proposed development causes relatively minimal impact on the surrounding properties. The building directly across Queen Street will be shaded after 4pm.

September 21st 10am

September 21st 12pm

September 21st 2pm

September 21st 4pm

In the fall the proposed development causes relatively minimal impact on the surrounding properties. The adjacent building to the west will be partially shaded at 10am and the building diagonally across Main Street will be shaded at 4pm. The shadows cast in the fall are similar to those cast in the spring.

Sun Shadow Study - September 21st

December 21st 10am

December 21st 12pm

December 21st 2pm

December 21st 4pm

In the winter the proposed development causes relatively minimal impact on the surrounding properties, and causes similar shadows to other buildings with the surrounding area. The retail plaza across Main Street will be shaded by the proposed development from noon until 2pm.
