Dear Mr. Johnston:

RE: Formal Consultation Meeting – Application by Nick Logarakis and George Logaraski for Lands Located at 69 Sanders Boulevard and 1630 Main Street West, Hamilton (Ward 1)

Please find the attached Formal Consultation Document from the Development Review Team Meeting held on **February 21, 2018**, which identifies the required items that must accompany a future **Official Plan Amendment** application, **Zoning By-law Amendment** application and **Site Plan Control** application in order to deem the applications complete, in accordance with the *Planning Act*.

As part of the Formal Consultation Process, signatures by the Owner(s) and Agent / Applicant are required. Please return a signed copy of the Formal Consultation Document to the Development Planner. Should you wish to proceed with the submission of **Official Plan Amendment, Zoning By-law Amendment and Site Plan Control** applications for this proposal, please enclose a copy of the signed Formal Consultation Document with your application.

If you have any questions or require assistance at any time throughout the development process, please feel free to contact Daniel Barnett at 905.546.2424 ext. 4445 or by e-mail at Daniel.Barnett@hamilton.ca, or myself at ext. 1258.

Yours truly,

Anita Fabac, MCIP, RPP
Manager of Development Planning, Heritage and Design

ADDITIONAL INFORMATION

Additional Agencies to be contacted: _____

Comments:

- The applicant is advised that the number of accesses on a major arterial road should be minimized.
- The applicant is advised that a 5m by 5m visibility triangle from the access driveway and the ultimate Right-of-Way is required.
- Transportation Planning staff have a concern with on-site manoeuvrability of the parking and loading.
- The applicant is advised that a road widening is required to achieve an ultimate right-of-way width of 45.72m with an approximate width of 9.7m and a daylight triangle of 12.19m x 12.19m at the corner of Main Street West and West Park Avenue from the ultimate right-of-way width.
- The size and scale of the proposed development varies significantly from what is envisioned in the Ainslie Wood Westdale Secondary Plan in respect to the maximum building height of three (3) storeys and the maximum residential density of generally 49 units per gross hectare. Adequate justification will be required to demonstrate compatibility between the proposed development and the existing development in the surrounding area.

PLEASE BE ADVISED OF THE FOLLOWING:

1. *The purpose of this document is to identify the information required to commence processing a complete application as set out in the Planning Act. Formal Consultation does not imply or suggest any decision whatsoever on behalf of City staff or the City of Hamilton to either support or refuse the application.*
2. *This document expires 1 year from the date of signing or at the discretion of the Director of Planning.*
3. *In the event this Formal Consultation Document expires prior to the application being accepted by the City, another document may be required.*
4. *If an application is submitted without the information and materials identified in this Formal Consultation Document the City may deem such an application incomplete and refuse to accept the application.*
5. *In accordance with the Planning Act, it is the policy of the City of Hamilton to provide public access to all Planning Act applications and supporting documentation submitted to the City. Therefore, the information contained in an application and any*

documentation, including reports, studies and drawings, provided in support of an application, by the owner, or the owner's agents, consultants and solicitors, constitutes public information and will become part of the public record. With the filing of an application, the applicant consents to the City of Hamilton making the application and its supporting documentation available to the general public, including copying and disclosing the application and its supporting documentation to any third party upon their request.

6. It may be determined during the review of the application that additional studies or information will be required as a result of issues arising during the processing of the application.
7. The above requirements for deeming an application complete are separate and independent of any review under the Ontario Building Code (OBC) as part of the Building Permit review process. In the event that a building permit application does not comply with the OBC, a letter outlining the deficiencies or areas of non-compliance will be issued to the owner and/or agent. Formal consultation and building permit review are separate and independent processes.
